

Avash Khadka

Frontend Developer

Dakshinkali, Kathmandu • 9841286400 • avash2063@gmail.com

Enthusiastic frontend developer with hands-on experience building responsive and dynamic web applications. Skilled in HTML, CSS, JavaScript, React, and passionate about clean UI and efficient code.

EXPERIENCE

Full stack Developer

Onedotsolutions

Apr – Jun 2024

- Developed a "Student Management" system for a client, using HTML, CSS, JavaScript, PHP, and MySQL to manage student data, attendance, and performance.
- This project strengthened my end-to-end development and teamwork skills.

Full stack Developer

Diyo Saving and Credit Cooperative Pvt. Ltd

Jun – Jul 2024

- Developed a responsive website improving online presence and user experience using HTML, CSS, and JavaScript.
- Created a platform tailored to cooperative's needs with features for savings, loan products, and account management.

Hackathon Organizer

DAV Codefest 48-Hour Hackathon, DAV College

July 25th – 27th, 2025

- Contributed to organizing a 48-hour national-level hackathon with 23 teams and NPR 100,000 prize pool.
- Managed official communications, coordinated with colleges and sponsors.
- Designed certificates, banners, social media posts, and edited promotional videos.
- Oversaw event schedule, supported participants onsite, and managed backstage operations including team briefings on judging and presentations.

Technical Team Member – Esports Event

PUBG Tournament, DAV College

July 5th, 2025

- Key technical team member for PUBG tournament with 50+ participants and NPR 50,000 prize pool.
- Created match rooms, streamed games live, acted as spectator, and updated points in real-time.
- Managed team communication, deposits, match schedules, and helped maintain fairness and smooth flow.

Technical & Event Organizer

BCA Futsal Cup, DAV College

July 13th – 15th, 2025

- Organized futsal tournament by managing technical and logistical tasks.
- Recorded match statistics, managed digital documents for standings, and invited teams from multiple colleges.
- Hosted pool selection rounds and coordinated event schedules, ensuring smooth tournament execution.

EDUCATION

Bachelor of Computer Applications

Dav College

Sep 2024 - Present

+2, NEB

Dav College

Jul Apr, 2024

PROJECTS

Student Managaement

- The Student Database Web Application manages student information like personal details, attendance, and grades using HTML, CSS, JavaScript, PHP, and MySQL.
- It enhanced my skills in full-stack development, database management, and building secure web applications.
- Live Demo: <https://onedotsolutions.com.np/trivschoool>

Diyo Saving and Credit Cooperative Pvt. Ltd

- Developed a website for Diyo Saving and Credit Cooperative Pvt. Ltd. to provide members with easy access to their financial services.
- The site offers features such as information about savings, loan products, account management, and online applications, enhancing user experience and accessibility.
- Live Demo: <https://diyosaving.com.np>
